Comment for planning application WSCC/011/21

Application number	WSCC/011/21
Name	Mark Westwood
Address	APPLE TREE WALK, 36, APPLE TREE WALK, LITTLEHAMPTON, BN17 5QN
Type of Comment	Objection
Comments	I'm objecting to this proposal due to traffic impact, the figures quoted are not accurate, the roads around area are already busy and more HGV's will only add to the problem. Emissions, what is the actual impact of just burning waste rather than invest more in proper recycling like other countries. Proximity, this building will be very close to existing developments and near to the site of 1500 homes. The size of the plant is still very large and out of keeping of the area, despite claims that breathing in fumes from this proposal will cause no harm we all know that this will not be the case and this is not the correct location within so many homes. Seem's that Grundon have asked all their employees to support this application many who do not even live in the area so not really sure how their comments can be counted ? So I'm strongly objecting to this development...
