OBJECTION

I strongly object to the planning application number WSCC/ 030/21 Loxwood Clay Pit.

I am co owner of the land across which the lorries will drive to access the site, this will mean that the normal activity of grazing my cattle in adjoining fields will be curtailed affecting my livelihood. The company who now own the site have demanded that fences be taken down to enable them easy access & threatened legal action if their wishes are not met.

Next to the gate through which the lorries would enter is a well used bridlepath, as we all know large lorries & horses do not mix so there is a potential for a serious accident to occur.

The area is well used by local dog walkers who park in the adjoining lay-by, this will impact on this activity severely

Very close by is a RDA Carriage Driving Group used by some severely disabled people, they regularly drive along part of the Loxwood road there would be not only the pony & carrriage carrying the disabled driver & coach but at least 3 cyclists accompanying them. They would all be put at great risk with a lot of lorries travelling along this road, it would mean that this road would be too dangerous for the Group to allow their drivers use it which greatly reduces the area in which they are able to drive.

These are just a few of the reasons for my objection to this planning application.
