Comment for planning application WSCC/011/21

Application number	WSCC/011/21
Name	Cate Matters
Address	GREENFIELDS, CHICHESTER, PO18 0NQ
Type of Comment	Objection
Comments	We don't need the Arun Vally Rubbish Incinerator ... Burning waste pollutes and contaminates. It is not energy efficient and most of what is burned can be recycled. Compared to recycling it offers fewer jobs. This will have a negative impact on our local economies, on public health, the climate and the environment. Instead we need to implement zero waste systems to reduce, reuse and recycle. Come on West Sussex, try harder and THINK AGAIN.
