Comment for planning application WSCC/028/21

Application number	WSCC/028/21	
Name	Alison Milner-Gulland	
Address	Tilleys Cottage Washington RH20 4AA	
Type of Comment	Objection	
Comments	The noise of traffic and processing will severely affect the village. Lorry traffic will cause traffic jams on already busy local roads. The lake and woodland already there containing rare wildlife, such as newts and kites will be severely damaged. The addition of waste ,even inert will pollute the water system in local streams and lakes.
