and grass/mud. There will be no changes to its use.
Is the site currently vacant?
○ Yes ⊙ No
Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.
Land which is known to be contaminated
○ Yes⊙ No
Land where contamination is suspected for all or part of the site ○ Yes ⊙ No
A proposed use that would be particularly vulnerable to the presence of contamination ○ Yes ⊙ No
Materials Does the proposed development require any materials to be used externally?
✓ Yes○ No
Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)
Type: Vehicle access and hard standing Existing materials and finishes: - black and grey wetpour - grey paving slabs - small patch of green artificial grass - natural grass Proposed materials and finishes: - natural green artificial grass - brown and beige mix wetpour - black wetpour with yellow markings (to create a roadway for bikes and trikes) - bark mud kitchen area with sleeper edging Are you supplying additional information on submitted plans, drawings or a design and access statement?
○ No If Yes, please state references for the plans, drawings and/or design and access statement
a design presentation will be attached, depicting exact areas of development and highlighting the proposed materials and finishes

The site is currently used as an outdoor play space for up to 60 Reception aged children. The site is used between the hours of 8am-3pm, Monday to Friday and is accessible to the children throughout the school day. The current site is a mix of rubber wetpour surfacing, paving,

Pedestrian and Vehicle Access, Roads and Rights of Way	
Is a new or altered vehicular access proposed to or from the public highway?	
○ Yes⊙ No	
Is a new or altered pedestrian access proposed to or from the public highway?	
○ Yes⊙ No	
Are there any new public roads to be provided within the site?	
Are there any new public rights of way to be provided within or adjacent to the site?

Assessment of Flood Risk Is the site within an area at risk of flooding? (Check the location on the Government's Flood map for planning. You should also refer to national standing advice and your local planning authority requirements for information as necessary.) Yes	

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?
○ Yes② No
Will the proposal increase the flood risk elsewhere?
○ Yes※ No
How will surface water be disposed of?
✓ Sustainable drainage system
✓ Existing water course
✓ Soakaway
☐ Main sewer
☐ Pond/lake
Biodiversity and Geological Conservation
Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?
To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.
a) Protected and priority species
○ Yes, on the development site○ Yes, on land adjacent to or near the proposed development⊙ No
b) Designated sites, important habitats or other biodiversity features
○ Yes, on the development site○ Yes, on land adjacent to or near the proposed development⊙ No
c) Features of geological conservation importance
○ Yes, on the development site○ Yes, on land adjacent to or near the proposed development⊙ No
Supporting information requirements
Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.
Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.
Your local planning authority will be able to advise on the content of any assessments that may be required.

Foul Sewage	
Please state how foul sewage is to be disposed of:	
Mains sewer Septic tank Package treatment plant Cess pit Other Unknown	
Are you proposing to connect to the existing drainage system? ○ Yes ⊙ No ○ Unknown	
Waste Storage and Collection	
Do the plans incorporate areas to store and aid the collection of waste? ○ Yes ⊙ No	
Have arrangements been made for the separate storage and collection of recyclable waste? ○ Yes ⊙ No	
Trade Effluent	
Does the proposal involve the need to dispose of trade effluents or trade waste? ⊘ Yes ○ No	
If Yes, please describe the nature, volume and means of disposal of trade effluents or waste	
Trade waste will mainly be generated through the groundworks as circa 16 m3 of earth and paving slabs are to be removed. A grab lorry will be used to dispose of these safely. There will also be off-cuts of artificial grass, as well as plastic wrap packaging. These will be disposed of safely through a certified skip company.	
Residential/Dwelling Units	
Does your proposal include the gain, loss or change of use of residential units? ○ Yes ⊙ No	
All Types of Development: Non-Residential Floorspace	
Does your proposal involve the loss, gain or change of use of non-residential floorspace? Note that 'non-residential' in this context covers all uses except Use Class C3 Dwellinghouses.	
○ Yes ⊙ No	

Employment Are there any existing employees on the site or will the proposed development increase or decrease the number of employees? ○ Yes ○ No
Hours of Opening Are Hours of Opening relevant to this proposal? ○ Yes ⊙ No
Industrial or Commercial Processes and Machinery Does this proposal involve the carrying out of industrial or commercial activities and processes? ○ Yes ② No Is the proposal for a waste management development? ○ Yes ③ No
Hazardous Substances Does the proposal involve the use or storage of Hazardous Substances? ○ Yes ○ No
Site Visit Can the site be seen from a public road, public footpath, bridleway or other public land? ② Yes ③ No If the planning authority needs to make an appointment to carry out a site visit, whom should they contact? ③ The agent ① The applicant ① Other person
Pre-application Advice Has assistance or prior advice been sought from the local authority about this application?

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):
Officer name:
Title
***** REDACTED *****
First Name
***** REDACTED *****
Surname
***** REDACTED *****
Reference
PN05879
Date (must be pre-application submission)
12/04/2023
Details of the pre-application advice received

The submitted plans and documents attached to this email are not clear as to what is taking place. However they seem to suggest the following proposed works are to be carried out;

- 345m2 of hard surfacing;
- New fences, walls and gates;
- A new access to /from the hall;
- A timber canopy/rainproof structure;
- Storage areas;
- Multiple smaller proposed works including; mud kitchen, mud box, construction table, water wall etc; and
- Other soft and hard landscaping

Please can you submit the following information in order for us to make further comment.

- The amount of hard standing being laid on grass be clarified.
- Provide the location, materials and heights of fencing/walls etc.
- Can more information be provided on the new access. Is this a new access, with a door being installed? Could you clarify what is existing and what is proposed?
- Measurements of the canopy and any storage to be installed (HxWxL).

If the below can be provided it will make commenting easier;

- Location of the proposed works on the schools site, at the moment we have close up technical documents which is not appropriate to see its location.
- Simple layout plan.

The site is also situated in an area of serious water stress where mains water is supplied by Southern Water from its Sussex North Water Resource Zone (SNWRZ). In light of a Position Statement issued by Natural England, it cannot be concluded that the existing abstraction within the SNWSZ is not having an impact on the biodiversity of the internationally protected Arun Valley sites. Any development within this zone must not add to this impact. As a result any development within the SNWSZ that would lead to an increase in mains water demand (without mitigation), will need to demonstrate and robustly evidence 'water neutrality' to meet the requirements of 'The Conservation of Habitats and Species Regulations'. See this link. This requirement includes any proposals which seek to qualify as 'Permitted Development' for which it is a requirement under S75 of the Regulations to obtain the approval of WSCC as Planning Authority, prior to any development commencing.

Once we have resolved the issues around permitted development I can comment further on the water neutrality aspects of the proposed works.

Please also be aware that outside the remit of planning, WSCC as a developer (and as a competent authority) will also need to be satisfied themselves that there would be no HRA implications.

Authority Employee/Member With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member.
(b) an elected member (c) related to a member of staff (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
Do any of the above statements apply?
○ Yes ⊙ No
Ownership Certificates and Agricultural Land Declaration
Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)
Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.
Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days? O Yes No
Can you give appropriate notice to all the other owners/agricultural tenants? (Select 'Yes' if there are no other owners/agricultural tenants) O No
Certificate Of Ownership - Certificate B
I certify/ The applicant certifies that:
 ☑ I have/The applicant has given the requisite notice to everyone else (as listed below) who, on the day 21 days before the date of this application, was the owner* and/or agricultural tenant** of any part of the land or building to which this application relates; or ☑ The applicant is the sole owner of all the land or buildings to which this application relates and there are no other owners* and/or agricultural tenants**.
* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.
** "agricultural tenant" has the meaning given in section 65(8) of the Town and Country Planning Act 1990
