### SPECIALIST ARCHAEOLOGICAL ADVICE

Dear Planning,

**RE: WSCC/028/21 -**

The continued winning, working and processing of sand from the existing Rock Common Quarry, the importation of inert classified engineering and restoration material, the stockpiling and treating of the imported material, the placement of the imported material within the quarry void and the restoration and landscaping of the quarry

**Rock Common Quarry, The Hollow, Washington, Pulborough**

Thank you for consulting Place Service's Historic Environment Consultant team on the above planning application.

Recommended refusal	
No historic environment objections	<b>X</b>
Recommended Approval subject to attached conditions	
Further information required	
Recommend discharge condition	

The proposals all relate to extraction and subsequent infill within the existing boundaries of Rock Common Quarry. Any archaeological features or deposits of interest within the site will have already been removed by the extensive extraction works already undertaken.

As a result, there is no potential for impact upon archaeological remains and this office has no recommendations to make regarding this application.

If you have any further questions, please do not hesitate to contact me.

Yours sincerely

Mark Baister, BA MCIfA
