Comments from Colgate PC:

**WSCC/015/18/NH Incinerator**
There is still a concern over the height of the chimney and the fact that this incinerator will be far too close to the North of Horsham development.
In the Parish there are deep reservations about this development and many residents are strongly against it.
This development and the increase in traffic will effect many people locally and in the wider community.
Colgate Parish Council strongly objects to this application.
Bev Clayden
Clerk to Colgate PC
