Comment for planning application WSCC/013/24

Application number	WSCC/013/24	
Name	Cheryll Allison	
Address	3 SPARROWS COTTAGES, RECTORY LANE, RECTORY LANE, PULBOROUGH, RH20 3LL	
Type of Comment	Objection	
Comments	This application is unreasonable, unnecessary and sounds very suspicious. How long has the A24 been operational? Why now to allegedly mitigate the impact of this highway all sounds very devious. Together with the question of why this is even necessary I would be very concerned about the impact on the already damaged and frail road surfaces leading to this site. W will be responsible for any reparations? Concerned about the impact of air pollution on the local area and along the route of 30-40 fully loa HGV trucks per day. I strongly object to this application.	'ho
