Comments	<input type="text" value="I am objecting mainly because of water pollution as it is pumped into Honeybridge stream which runs near Mill Lane apart from awful pollution which should never be allowed this is a well known flood area Which needs no increase of polluted water. There is also disturbance to the local wildlife crested newts & Peregrine Falcon. Sand Martin & many others We must protect this at all cost. Extra traffic & it's pollution on an already extremely busy roundabout & junction."/>
