Comments	<input type="text" value="I am greatly concerned about the plans to landfill the Rock Road Quarry site. This represents a grave risk to life on the roads should it pass. The local roads are already to capacity. In addition there is a Primary School in our village and the majority of the parents have to negotiate the Washington Roundabout twice per day five days of the week for approximately 40 weeks of the year. This roundabout is already subject to becoming almost to a standstill at certain times of the day. Should the planning go ahead I strongly believe this would not only represent chaos on the roads but also represents there being a huge increase of the risk to motorists, including parents and young school children should this application go ahead.&lt;br/&gt;On the above basis I wish to raise a strong objection to the application being approved."/>
