Comment for planning application WSCC/028/21

Application number	WSCC/028/21
Name	Clare Jenkins
Address	CHANCTONBURY CLOSE, 3, CHANCTONBURY CLOSE, PULBOROUGH, RH20 4AR
Type of Comment	Objection
Comments	I wish to strongly object to the above application on the basis of the following: - Additional congestion - the additional lorries which will be used for the work will cause additional traffic in an already highly built up area that increases the likelihood of accidents, especially when considering the entry and exit points of the site.

- Danger to the environment. The basin of the quarry is at risk of leaking with the additional bulk material being added and this has the potential to pollute the surrounding stream and local water supplies.
- Downgrading an area of natural beauty the work being suggested will detrimentally affect the wildlife surrounding the local area which will financially affect local tourism and profitability.
