Dear Edward

Apologies for replying so this so late, it's been a busy few weeks with my children off for a week already, two full councils and foster panel, but I'm glad I haven't missed the deadline.

I support this application, and anything else that can help items to be salvaged and reused, especially directly out of the recycling centre. It sounds like it could be a very good initiative for the environment, so well done to all for making this happen. Also, if the additional parking isn't detrimental to service users and helps facilitate the new plan of a re-using workshop I am happy to support this.

Best Wishes

Dawn Smith
