Type of Comment	<input type="text" value="Objection"/>
Comments	<input type="text" value="I strongly object to this cynical and misleading application on many grounds. From the increased traffic movements to the impact on the natural environment; from the smell to the high risks of water pollution to the aquifer and Honeybridge Stream; from the loss of yet more green space to the burgeoning onslaught of traffic with all its associated danger, noise and pollution. Not to mention the fact that Dudmans and The Wiston Estate have no interest in the 'restoration and landscaping of the quarry' as greed and financial gain seems top of their agenda."/>
