Comment for planning application WSCC/021/23

Application number	WSCC/021/23	
Name	Gary Camoccio	
Address	1 BABSHAM COTTAGES, I	BABSHAM LANE, BABSHAM LANE, BOGNOR REGIS, PO21
Type of Comment	Objection	

I object to this company's plan to consolidate their expansion.

I have 3 young children and daily exposure to the dust that this company creates and then is blown down the road and across the fields causes them to have numerous coughs along with potential allergic reactions which we are seeking advice on.

I need to wash my vehicles every week at least to try and keep them clean including the one I use for my business.

5EL

There is a constant stream of vehicles using this facility and it has been clear for many years that they exceeded their tonnage allowance especially in 2017 when they needed extra space to store their skips.

Therefore they've then had to access a semi-rural lane of some 13 properties to collect and drop off skips to facilitate their growing business.

I, along with many others, call for this company to be moved to a more suitable location within West Sussex.

An old farmyard near homes is not the right place.
