

# Comment for planning application WSCC/028/21

Application number	<input type="text" value="WSCC/028/21"/>
Name	<input type="text" value="Harry Pannell"/>
Address	<input type="text" value="MONTIER, GLASEBY LANE, GLASEBY LANE, PULBOROUGH, RH20 4AX"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>As a life long Washington resident I sincerely object to this planning application.</p> <p>The proposal poses a serious risk to the health of both the local human population and wild life.</p> <p>Evidence supports this claim, other locations where operations like these have occurred have seen these detrimental results.</p> <p>At what point did someone think it was a good idea to have more traffic on the roads? Neighbouring Storrington already has a sickeningly high pollution level, this proposal would mean even more lorries and heavy vehicles going up and down the high street.</p> <p>I sincerely object to this proposal and hope someone see's sense, rather than just think about money.</p>
