

# Comment for planning application WSCC/028/21

Application number	WSCC/028/21
Name	Jacqui Keech
Address	STOCKS MEAD, 7, STOCKS MEAD, PULBOROUGH, RH20 4AU
Type of Comment	Objection
Comments	<p>I believe that the above plan should not be amended again but they owners should be held accountable to the previous agreements.</p> <p>The people of Washington have contended with this for enough time dealing with traffic/ noise &amp; dust pollution. Extra traffic in the area would cause the already congested roads (which are not suitable for lorries to overtake) massive problems. The A24 roundabout is a bottle neck during rush hour at present.</p> <p>The sand martins, peregrine Falcons &amp; other wildlife do not deserve to lose their stronghold when there are little other options in the area for them. We should be protecting our endangered wildlife. The area should be left as it is as there has not been a problem over the 15 years I have lived in the village. It would be a lovely wildlife haven.</p>
