Application number	WSCC/028/21	
number		
Name	James David O'Loughlin	
Address	8 ABINGWORTH CRESCENT, Thakeham, RH20 3GW	
Type of Comment	Objection	
Comments	The plan does not contain adequate measures for the protection of wildlife who have made the quart their home. Additional destruction of the resources in the area, environmental impact of additional trucks through the area are also of concern. The area is an aquifer and there is also the concern of cross contamination of water courses from waste.	ry
