Comments	<p>https://westsussex.planning-register.co.uk/Planning/Comment/WSCC/028/21</p> <p>Washington Quarry to be filled with Landfill.</p> <p>Where it says Respose select *objection*</p> <p>If it says comes up with error just go back, make sure your notes are still there and submit again.</p> <p>You can write your own comments or copy and paste the below...</p> <p>I Object to the proposal. This will cause more traffic, noise and disturbance. It will have short and long term effects on the wildlife including their habitat. We will have loss of light and privacy, it will effect historic buildings such as listed buildings. There will be an increase of air pollution, dust and odour to the area, the impact on trees and hedgerows will be increased hugely.</p> <p>We have endless accidents in the area and by following through with this proposal you will be endangering more lives. Protect what we have, not destroy it.</p>
