## Comment for planning application WSCC/028/21

Type of Comment	Objection
Comments	I am concerned about the increase in traffic on the A283 and round the Washington roundabout. The road through Storrington is already extremely busy, it is often difficult and dangerous to pull out of Hampers Lane onto the A283, and I frequently have to queue to gain access to the roundabout, and the additional lorry traffic will certainly make this worse.  I also think the proposed works are out of character for the area, and will be an unsightly blot on the landscape when viewed from above in the National Park.
