Address	<input type="text" value="CHANCTONBURY CLOSE, 2, CHANCTONBURY CLOSE, PULBOROUGH, RH20 4AR"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I strongly object to this development in what is an AONB and National Park.</p> <p>The works will not only greatly increase lorry movements on already heavily congested and polluted roads but will blight the life of all local residents with dust, odour and an horrific eyesore. We've previously seen from the works on the A283 into Storrington how lorry movements of the nature proposed have adversely affected the road and road safety conditions for local residents. The exits onto both the A283 and A24 also offer very poor sightlines and lead in for heavy vehicles to exit safely.</p> <p>The effects on the local wildlife can not begin to be calculated. Having seen protected birdlife species around the area of the existing quarry this area should be remediated into a public area and not used to destroy the character of the local area. We are a protected area of outstanding natural beauty and this can not be allowed to be sullied with this horrific and worrying development.</p>
