

Comment for planning application WSCC/028/21

Application number	<input type="text" value="WSCC/028/21"/>
Name	<input type="text" value="Julia Sullivan"/>
Address	<input type="text" value="2 Wallace road Storrington Pulborough"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>Unacceptable destruction of habitat to wildlife. Newt survey has not been carried out correctly. Should have been 4 surveys not 1.</p> <p>3 ponds were identified as habitats before the surveys could be completed these appear to have been filled with sand to prevent such taking place. This is not only wrong but criminal.</p> <p>There is inadequate space for two lorries to pass on the access road.</p> <p>Reinstating the belt to transport rubbish is unacceptable.</p> <p>They have already cause enough damage by going under water table. They should not be given the opportunity to create more havoc.</p>
