walkers, ramblers and cyclists. These peop pubs and hotels, in operation. By making the together with the inevitable pollution that c		the country which brings in many people who want to enjoy the countryside, clists. These people help to keep our local businesses, cafes, garden centres, ation. By making the roads so much busier with excess lorry movement ble pollution that comes with this traffic and a landfill site we will effectively away thus having a detrimental effect on these businesses.
	The destruction of this land to a landfill site and the onslaught of inevitable lorries on the country lanes will remove a natural habitat for wildlife.	
	I live very close to this site and want to continue to enjoy the area that I chose to live in without the unnecessary destruction of our countryside.
