Comments	<p>We understand that an application has been submitted for landfill in the Rock Common Quarry and we would like you to accept this as a formal objection from a local business.</p> <p>Should this application be successful, there are all sorts of implications that will affect not only local residents, but local businesses too. Lorry movements will increase substantially and there would be an enormous increase in traffic volume on the A24, A283 and surrounding area. The destruction to local wildlife will be immense, notwithstanding the overall character of the village will be ruined.</p> <p>We would be grateful if you could take our objection into serious consideration. Thank you.</p>
