Address	SWALLOWS CORNER, SCHOOL LANE, SCHOOL LANE, PULBOROUGH, RH20 4AP	
Type of Comment	Objection	
Comments	The importation of waste will lead to increased HGV traffic and noise / dust as well as the risk to life from accidents . The A283 is an access route for cyclists to join the downs link cycle way as well as Chanctonbury ring . The quality of the air and way of life of the national park will be impacted . There will be years of disruption to quality of life for the village. The area would be much better suited to being left to re- wild rather than this obvious money making exercise with no clear end date that anyone can be held to account for. A processing plant will be out of character and destroy the wildlife that has already begun to take over the site .
