Type of Comment	<input type="text" value="Objection"/>
Comments	<input type="text" value="We object to this proposal as it is clear that the hundreds of lorries bringing material into the site will lead to increased pollution and the rise in traffic will inevitably lead to increased accidents on the already busy Washington Roundabout. There is also the issue of disrupting the wildlife in the quarry. Looking at the video it looks a beautiful sight for lots of wildlife. With more and more house building in the area we need some areas for our diminishing wildlife to survive."/>
