Type of Comment	<input type="text" value="Objection"/>
Comments	<input type="text" value="We chose this site to have a showroom location in RH20 3DA as it reflected the quality image of our products in the best location we could find for an all round customer experience. We have customers 6 days a week who also support many other local businesses. We consider ourselves part of the community. The current planning proposal would have a disastrous impact on our customers and therefore the local business community as well. We strongly reject this proposal."/>
