

Comment for planning application WSCC/028/21

Application number	WSCC/028/21
Name	Stacey Butcher
Address	NEWLANDS, ROCK ROAD, ROCK ROAD, PULBOROUGH, RH20 3BH
Type of Comment	Objection
Comments	<p>I object strongly having extra lorry movements on a village road, entering and exiting on a blind bend is so dangerous.</p> <p>We should be saving the wildlife lots of rare species live around here. The noise and dust smells would be totally unacceptable with resident's living here. This road has become a racing track it's hard enough driving by a big lorry on the country road as it is holding my breath as I can't move anymore over from the lorry, can you imagine two lorries on same road it's a fatal accident waiting to happen our daughter is doing driving lessons I don't feel happy driving on this road now let alone when they are heavy lorries driving past they don't slow down. I just feel if this application is approved it would cause absolute mayhem. Rural life style is what we chose when moving here for health issues it be nice to keep the area like it was intended.</p>
