

Comment for planning application WSCC/028/21

Application number	<input type="text" value="WSCC/028/21"/>
Name	<input type="text" value="Tina Jackson"/>
Address	<input type="text" value="Rowan Avenue Hangleton Hove East Sussex"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I STRONGLY OBJECT to this application I have been a customer of Washington Caravan and Camping Park for many many years. My family and I camp at the bottom of the field next to Honeybridge stream. This application will wreck the peace and quiet we enjoy when we visit the Park. My children play in the stream and to think an estate owner is prepared to risk contaminating it for financial gain is just unforgivable. I would not want to be camping in my usual spot listening to a plant underway, sending dust into the air for my family to breathe in. You will destroy this tourist business at the foot of the SDNP and the local Pub will follow as it won't survive without the campsite trade over the Summer. What a sorry state of affairs and shame on any Council that allows it.</p>
