****EXTERNAL****

Good Morning

Please could we add the following:

**1. WSCC/002/24 Property: Brookhurst Landfill Site,
Langhurst Wood Road**

Proposal: Construction and operation of a materials recycling facility, including offices and visitor centre, an anaerobic digestion plant, and extension to an existing landfill site, and ancillary infrastructure (Variation of Condition 2 of planning permission WSCC/067/19 for a 12 month extension to the end date to complete restoration of the landfill)

Decision: The Parish Council have no objections to the planning application. But would like to see the wording changed from rich grassland to *Species rich grassland*. The idea is that this Species Rich Grassland will filter as a reservoir for wildlife for the whole of the community. Following the changes to the wording, the council seeks approval for this application. The PC would also add that we are concerned this site is to handle the waste from Gatwick Airport with 2 runways as this would significantly increase traffic to and from the site on the A264 and Great Daux roundabout. We therefore question if any of the proposed facilities are new such as the recycling as Gatwick do not details any facts relating to their new waste sorting process as they remove the incinerator at Gatwick.

Many thanks

Louise

Mrs Shaw CiLCA CertofHE PSLCC

On behalf of Warnham Parish Council
