

Comment for planning application WSCC/028/21

Application number	<input type="text" value="WSCC/028/21"/>
Name	<input type="text" value="carl illes"/>
Address	<input type="text" value="honeysuckle house old london road washington west sussex rh20 3bn"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<input type="text" value="This site will have a massive detrimental impact on living in washington, the noise impact, dust and pollution will impact on our everyday living. The lorry movements will be unacceptable to the already busy road infrastructure. We also have concerns about the risk in polluting the drinking water, the previous landfill is now failing and leaching toxic waste into honeybridge stream which is unacceptable and worrying. There will be a devastating impact on the wildlife and woodland should this application be allowed to go ahead."/>
