GORSE BANK CLOSE, 4, GORSE BANK CLOSE, PULBOROUGH, RH20 3AQ

Type of Comment Comments Objection

This application is absolute madness, up to 500 trucks a day are they joking, we already have up to 200 trucks per day in Water land (sandpit), Storrington area is already a highly polluted area, the traffic is terrible, the A24 is already a Car park, congestion everywhere, planning apps already in for hundreds more houses, THE ROADS JUST CANNOT COPE, if this application goes through, my suspicions of collusion between Council and business will be verified. I will stand in front of a truck or sit in the road to object to this. It cannot go ahead, along with other applications in the area. Do not put profit above everything, this used to be a lovely area, I have lived here for 53 years and understand that e must have progress but this is a bridge to far (maybe we need a bridge to ease congestion!) NO NO NO NO do not let this happen.
