Dear Sir,

The continuation of mineral extraction for a two year period and the importation of inert material over a five year period only, to enable the restoration of mineral working at Washington Sandpit for the long term benefit of the Sandgate Country Park (County Consultation)

Britaniacrest Recycling Washington Sand Quarry Hampers Lane Storrington Pulborough

I refer to your consultation in respect of the above and would advise you that whilst this Council does not raise a formal objection to the proposal, nevertheless, concern has been expressed by the Chief Environmental Health Officer with regard to the potential adverse impact on neighbouring residents in terms of noise, contaminated materials, dust, and air quality.

I enclose for your information a copy of the comments from the Chief Environmental Health Officer and would be grateful if you could take into account those comments when determining the application.

Yours faithfully

Hilary Coplestone
Development Manager
