7. DO YOU HAVE ANY GENERAL COMMENTS YOU WOULD LIKE TO SHARE?

2 issues re the logistics.

① Adversane Lane/A29 junction is an accident black spot, what measures are you putting in place to mitigate this?

② Due to the Montessori nursery in Adversane village hall there is great restriction to the flow of traffic at drop off/pick up times. This is difficult to the people walking times. Have you considered the impact of this & how will you mitigate it.

I have strong objections to the whole idea of continuing to exploit finite resources which, in turn, add to the problem of climate change. I know that we can't all be on 'sustainable energy' resources immediately, but I do believe that we should be putting all our resources into the development of sustainable energy.
