Dear Chris

**AMENDMENT OF CONDITON NO. 2 OF PLANNING PERMISSION
WSCC/052/12/WC TO ALLOW FOR A FURTHER 12 MONTHS OF CONTINUED
OPERATIONS TO ENABLE THE COMPLETION OF PHASE 3 TESTING AND
PHASE 4 RESTORATION AND RETENTION. WOOD BARN FARM, ADVERSANE
LANE, BROADFORD BRIDGE, BILLINGSHURST, WEST SUSSEX**

The Applicant is seeking to extend the life of the consent by twelve (12) months to allow for the completion of Phase 3 well testing, followed by Phase 4 site restoration or retention.

We have reviewed the Planning Statement and associated documents and do not have any objection to the proposals.

The applicant has the necessary Environmental Permits and technical procedures and measures in place to prevent pollution to the environment. The Environment Agency is in constant contact with the applicant and their consultants and have undertaken a number of site visits as part of the permit compliance procedures. The time extension does not change any of the requirements within the permits as the technical procedures and pollution control measures are sufficient.

Yours faithfully,

**Hannah Hyland
Planning Specialist**
