Subject: Network Rail Consultation Response: WSCC/071/19

Dear Sir/Madam

Thank you for consulting Network Rail and apologies for the amount of time it has taken to get our formal comments back to you, I hope they can still be considered.

Network Rail have no comment to make on the application for proposed extended well testing.

We would, however advise that the applicant contacts Network Rail's Asset Protection team (AssetProtectionLondonSouthEast@networkrail.co.uk) in view of the sites close proximity to the rail infrastructure. Any operations onsite must not interfere with railway assets and operations and Network Rail's asset protection team can provide further guidance on this.

Kind regards.

Nick Donoghue
