Hi Chris - hope you are all safe and well.

Please take this response as confirmation from the Applicant that an extension until 10<sup>th</sup> of July 2020 is acceptable.

I'll step back now but may give you a bell closer to the date just to ensure all is in order.

Until then - take care - kind regards Nigel

Afternoon Nigel,

If you consider a decision on your planning application is urgent and would affect the applicant's business if it not determined soon, we can consider taking it to a 'virtual' planning committee for June 9th. If the decision is not considered urgent, there is a preference to delay non-critical business to allow resources to be targeted elsewhere.

In light of the above, there will be a need to agree an extension to the determination date for this application regardless. The date for an extension is dependent on the applicant's view as to the urgency of the decision, for which I would be grateful for your thoughts.

If a delay until 7th July committee is acceptable to the applicant, then an extension until 10th July would be sensible.

I look forward to hearing from you,

Kind Regards,

**Chris Bartlett**

Hi Chris - hope all is well.

Just wanting to give UKOG an update - is the next available committee now 7<sup>th</sup> July ?

Kind regards Nigel

Hi Chris - I do sympathise and can appreciate that planning for Committee must have been impacted by lockdown events. UKOG simply want to facilitate in whatever way they can so happy for a delay in determination.

What would be the target committee date now ?

Kind regards Nigel

Hi Nigel,

The council are currently looking into options for carrying out virtual meetings/tele-conferencing, including for planning committee, but nothing has yet been agreed, nor tested.

Can you let me know if there is an urgent need for the decision, for example, is it going to affect UKOG's business if it were not to be determined in May? In essence, if there's not an urgent need for the decision, it would be sensible to delay it to a later meeting.

If the concern was regarding enforcement matters, we are aware that the time period for the restoration has now expired (31st March 2020). However, given the current national situation and the fact that there is a current application with a recommendation for approval for extending the time period, I can confirm that WSCC are not currently looking to enforce against the site with regards to this matter.

Kind regards,  
Chris Bartlett

Hi Chris - hope you are safe and well in lockdown.

Just a gentle nudge to enquire what's happening with regard to the postponed Committee items from March.

Understand April Committee is cancelled - I can see 19<sup>th</sup> May Committee is still on - any chance of making this one ?

Kind regards Nigel
