Comment for planning application WSCC/004/20

Application number Name	WSCC/004/20
Name	Anthony Hacker
Address	STREATFIELD PLACE, 5, STREATFIELD PLACE, EAST GRINSTEAD, RH19 4RQ
Type of Comment	Objection
Comments	This proposal does not take into account that the route down Dunnings Road into and along West Hoathly Road involves driving through a major school crossing plus passing the entrance to a day child nursery. When there are cars parked on Dunnings Road the traffic becomes very congested making it very dangerous when crossing the road for the older person like myself (aged 75 years) and those people at the "Care Home". This is evident when the occasional bus runs down the road. Living in Streatfield Place I have to drive out onto Dunnings Road just before it continues into West Hoathly Road and at the present time it can be very dangerous because of the blind bend in the road. To suggest that the introduction of the stated lorries are to use this road can only increase the likelihood of a serious accident given the narrow width of the road together with blind bend in the road just past Streatfield Place! I believe that this proposal does not take into account the safety and wellbeing of the residents along the route via East Grinstead Town Centre down Ship Street into Dunnings Road through to West Hoathly Road because all along this route is street parking and more importantly the roads are too narrow to accommodate the proposed large lorries!!!!! I wonder how much this proposal is driven by monetary considerations rather than the good and safety of the residents???? I strongly object to this proposal for the stated reasons.
