Comment for planning application WSCC/004/20	
Application number	WSCC/004/20
Name	Sarah
Address	15 Mill Way
Type of Comment	Objection
Comments	I have several concerns. The access route is through a busy residential area passing a doctors surgery, primary school & farm school, local shop, two nurseries/preschools, and a play area. Dunnings Road & Ship Street are both residential roads with cars parked in the street and West Hoathly Road is a lane so narrow in one part that vehicles often have to give way to each other. I am objecting to this application on the grounds that the roads and infrastructure are not suited to the regular passing through of HGVs and that they pose a considerable increased risk to pedestrians , cyclists and other road users.
