Comments	This proposal would present dangerous conditions for all concerned. London Road is already frequently blocked by parked cars and delivery lorries etc. The junction at the top of Ship Street is difficult and has entrances to two GP Surgeries and Waitrose Supermarket. Ship Street itself is effectively one-way already, due to parked cars between Musgrave Avenue and Hermitage Lane. Dunnings road is a busy residential road with children crossing to the Primary School, and West Hoathly road is totally unsuited to heavy goods vehicles. It is little more than a lane and has the entrance and exit of the popular Standen National Trust Property and is on a bus route!! The junction of West Hoathly Road and Saint Hill Road is quite dangerous and leads to the Rugby Club, the Sports Club and Saint Hill Manor and consequently carries a lot of traffic. At the end of Saint Hill Road is a busy crossroads, where there have already been many incidents. I most definitely object to this proposed use of our roads and trust that the many voices of local people who know these roads intimately will be taken into account and permission refused.
