| Comments | I object because there is no way that west Hoathly road can handle any form of Hgv traffic, I am a Hgv driver myself and would not dream of driving my lorry along this road, it is extremely narrow, it is a residential area with a nearby school and it is ludicrous to even think of Hgv traffic on this road and the likelihood of a serious accident will increase, the road is in very poor condition anyway and it will not take the weight of landfill traffic, I cannot believe that this application could ever be passed , you would only have to drive along here in a car to realise that |
