## Comment for planning application WSCC/004/20

Type of Comment	Objection
Comments	As a learner and hopefully soon to be new driver I think it is preposterous that you are proposing to send 35+ lorries a day down this route. I cannot see how this can even be considered. Has anyone considered new drivers having to reverse before a lorry reverses into them on West Hoathly road? Or the primary school children who unpredictably cross the road? Please do not allow this to happen.
