Comn	nent for planning application WSCC/004/20

Comments	I strongly object to this application. It is ludicrous to see these plans submitted again have been rejected already. The proposed route is unsuitable for HGV Use, it has narrowings, staggered junctions all of which will increase the chance of accidents. The pathways along the route are narrow at points particularly towards Standen (no paths in parts) and people already use this route to walk to work. The route passes several schools and nurseries endangering families walking to and from their homes or work. I strongly disagree with this proposal and hope the local council will listen to the views and genuine concerns of those who know the area.
