Objection

As a local resident in East Grinstead in the Dunnings Mill area, I must object to the current plan proposed for the site at Evergreen Farm, West Hoathly Road. My main point of objection is the proposed 12,000-15,000 HGV deliveries it will take before completion let alone any other site traffic. The roads through town and down Dunnings road towards West Hoathly Road are busy enough as it is and in a poor state of repair already with pot holes appearing daily. Let alone the road width, I don't think this plan has considered any on coming traffic through the narrow lanes south of dunnings road. A further objection to this and a very important one in my eyes is the increase in traffic of over sized lorries down Dunnings road and into West Hoathly that passes four childcare settings and a children's playground, all with very narrow pavement access and in some cases No pavement. And then the exit route to Saint Hill Road, I'm not sure how they propose to turn the trucks into Saint Hill Road as that is very small green area for them to navigate round and again the return route alone Imbahorne Lane passing yet more schools. In closing I don't think this plan is acceptable for the following reasons. 1. Traffic Chaos 2. Increased pollution from that traffic and the work being completed 3. The dangers to the community along the proposed route. 4. The damage this will cause to the surrounding roads. Even though the plan states it will correct any damage caused, how long will that take and what further carnage will it cause with temporary lights to repair it all. 5. It's a lot of issues for one fix.
