Collin	ient for planning application wscc/004/20
Application number	WSCC/004/20
Name	Roger Murch
Address	56 Forest View Road East Grinstead West Sussex
Type of Comment	Objection
Comments	The number of vehicles passing through the town centre then down residential roads and close to several schools in not acceptable. Why they need an in and out Route is beyond me, unless they consider the roads are not suitable for the vehicles being used to pass each other. Has it been independently verified that the capping is necessary as it was done in the past. Inert waste seems to be more suited creating a hard standing for storing vehicles etc rather than farming. Does this have any connection with new access road from West Hoathly Road to Harwoods Lane which was raised some months ago?
