Type of Comment	Objection
Comments	(Comment not showing on previous submission) My objection to cap previous and possibly dangerous waste hearing that a number of horses/livestock have been injured/killed by slippage/chemical inhalation Is quite shocking. Inhalation of traffic fumes from the HGV's, the inhalation of dust and chemical airborne particulants from the site will be a danger to humans and animals/ wildlife and the danger of heavy road traffic to pedestrians and children in particular along Dunnings Road and surrounds. The road approach should be via Saint Hill that will also have its drawbacks particularly at the crossroads. The potential on the site for ' holiday accommodation is also a huge concern.
