Comments	A reason for choosing a school along this road was highly influenced by the fact that it wasn't on a busy road and our child would not have to breathe in dangerous levels of fumes from traffic. Having heard this proposal, I am worried for my and all of the children breathing in all the fumes and whatever waste is going to be dumped. This road is quite clearly not suitable for HGV's due to how narrow it is and the danger it presents to pedestrians etc. Surely another solution can be found.
