| Comments | This plan is ridiculous and would cause huge issues for our town and the people that live along the roads that these HGV lorries will be travelling along. The plan is to see about 30 plus HGV's coming right through the centre of East Grinstead town daily, that is extremely dangerous and will cause huge noise and damage to the roads they will be travelling along each day. It also passes right past one school and very close to several other schools, the fact is this is a huge disturbance to the town the people that live along the roads these will travel along. Will the person who owns the farm and wants to do this work, be charged for the disturbance and damage to the roads we as the residents pay for the up keep of. How one can even think that allowing these huge lorries through residential estates is a safe and sensible idea. I fully object to this plan and the lack of consideration to the people of the town and the residents. |
