| Type of<br>Comment | Objection  |
| Comments           | As a resident on Dunnings Road, I object to this proposal for the following reasons: - There is a primary school on Mill Lane (off of Dunnings Road), this makes it unsuitable as it is alreadt very busy with parents dropping off/picking up as well children journeying to and from school on foot. There is no crossing facilities so will increase the danger The road is not wide enough to support the size and amount of lorries. Especially every the road narrows at the bottom of the hill Noise Pollution - although it is proposed that the movements will be between 8 and 5. There is a nursing home, nursery, pre school and primary school all i close proximity to the road. |
