## Comment for planning application WSCC/004/20

Application number Name	WSCC/004/20 John Hamling
Address	MALLARD PLACE, 9, MALLARD PLACE, EAST GRINSTEAD, RH19 4TF
Type of Comment	Objection
Comments	The estimated number of HGV movements referred to in the application will exacerbate the already difficult traffic conditions in and around East Grinstead. The proposed routes involve multiple HGV journeys over narrow congested roads, through residential areas and passing several schools. The risks to public safety are obvious and it is inevitable that HGV drivers will not stick to the designated routes and will start using other routes spreading noise, disruption, congestion and risk all over the town. The proposed use of Standen Drive will be a hazard to visitors to Standen House and will involve HGVs exiting onto a narrow road with very poor sight lines, particularly at the junction of West Hoathly Road and Saint Hill Road - an accident waiting to happen! There is also the issue of disturbance to Standen House and, despite what the applicants claim, will have a devasting effect on the "Spirit of Place" of this Grade 1 listed National Trust property.
