Comn	nent for planning application WSCC/004/20
Application number	WSCC/004/20
Name	A Franklin
Address	THE MEADS, 13, THE MEADS, EAST GRINSTEAD, RH19 4DF
Type of Comment	Objection
Comments	The evidence presented that the cap is needed seems rather weak and hardly justifies the increased HGV traffic that the scheme will generate. The current state of the roads in the area is already appalling with numerous potholes and cracks. This situation will only be exacerbated by the proposed increase in HGV traffic that this scheme will require.
